NONE ON THE MARKET BETTER.

Milburn, Okla.—"I can truthfully say that I do not think there is any medicine on the market to-day better than Dr. Pierce's Favorite Prescription and Golden Medical Discovery. I feel that I owe my life to same."

About seventeen years ago I was run down in health, the principal trouble was irregularity and my lungs seemed affected. After taking six bottles each of "Favorite Prescription" and "Golden Medical Discovery" I was entirely well and I never fail to recommend Dr. Pierce's medicines to suffering women whom I chance to meet.

"I hope my testimony will be the means of bringing good health to many a sufferer."—Mrs. EVA PHEMISTER, Route 1, Box 39, Milburn, Okla.

An affection confined to women must have its cause in the womanly nature. There is no doubt that "Favorite Prescription" cures inflammation, ulceration and female weakness. It makes weak women strong, sick women well. Get the "Prescription" today—either in liquid or tablet form—if you want to better your physical condition speedily. Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps and languorous looks tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source.

Members of the Young Men's Booster club, who have clothes and other useful articles, which they are in a position to donate to the poor and needy are requested to leave the same with the Benevolent society in the Brown Dry Goods building today and tomorrow, where they will be taken in charge by the ladies of the society.

On account of the popularity of the public band concerts, and the demand for the same, the Booster band weather permitting will give a free outdoor concert this evening, in front of the Federal building at 7:30 p. m. Should the weather prove to be too cool for an outdoor concert, arrangements have been made for the rendering of the same in the auditorium of the city hall, free of admission to the public.

Recommends Chamberlain's Cough Remedy.

"Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect immediately and before I had finished the bottle I was cured. I never tire of recommending this remedy to my friends," writes Mrs. William Bright, Ft. Wayne, Ind. Obtainable everywhere.

Plaidfield, Ill.—An ingenious farmer attached a rubber hose to the exhaust of his automobile, drove thru his fields and inserted the hose in every gulcher hole he found. Every gulcher was killed. COFFEE WHIPS UP AND CONSUMES RESERVE ENERGY

Investigators Declare Continued Use of Coffee Works Disaster to Nervous System.

"Does the daily use of coffee as a beverage, continued for a series of years, do harm?"

"Yes," says Dr. W. A. Evans in the Chicago Tribune. "A horse cannot be whipped daily for years without being harmed. A man cannot be nagged continuously for years without being harmed. The very fact that, when fatigue is slowing down muscles and brain cells, coffee will whip them on, and that under the stimulus of coffee the working capacity is unduly excited, is proof that harm will come if the process is kept up for a series of years."

"Fatigue is a danger signal," adds another investigator. "It means that the weary body should immediately seek rest. Caffeine in any form puts a mask on this signal, and temporarily conceals it by whipping up the reserve forces and then consuming them."

"Fatigue is like a red light that calls attention to a ditch in the dark. Nobody with common sense could assume for a minute that by putting out the light the ditch would be removed. Yet that is exactly what weary people do when they disguise their weariness for an hour by resorting to stimulants."

NOTE.—It is interesting to observe that as medical science more and more reveals the harmfulness of coffee to the health of both old and young there follows a tremendous increase in the use of the pure food beverage, POSTUM.
